The list of expenses above represents a reasonable estimate of my housing expenses for next year. I understand and agree that:

- The amount of my housing allowance I may exclude for federal income tax purposes is not the same as my estimated expenses. The actual housing allowance exclusion is the lowest of (A), (B), or (C).
- The church will not designate a portion of my compensation as housing allowance until I complete and return this form.
- Retroactive designations of housing allowances are not legally effective.
- If a change in my housing allowance is necessary because these estimates are insufficient, it is my responsibility to notify the church.
- The amount of my housing allowance is excluded from my taxable income for federal income tax purposes only. I must include my housing allowance in income for purposes of calculating my federal self-employment taxes (unless I am exempt from self-employment taxes).
